Subject: POU Update

Categories: FSB CIC Scribe

Ottawa POU detail is now under OPS POU Command.

POU Command is looking at overhead group for planning mass demobilization of protest.

OPP Aviation requested for video/imagery/count of trucks and the sites - will seek RCMP downlink for install to feed back into CP

OPS are requesting OPP POU Command to provide planning team for overhead. Identifying S/Sgt Gauvin and requesting Insp Younan for same, seeking Regional/FSB support and approval.

Dan - Call anytime to clarify any points.
Will need Aviation dedicated to operation hopefully with RCMP downlink installed.
Dave

Thanks Dave.

I have taken preliminary step of seeking WR approval for Insp Younan to attend. Supt Darling has granted approval. I will therefore approve OPS request subject to any additional comments from Joe. In terms of aviation, Joe and Carlos will engage and advise as to availability and response.

Thanks

Dan

Ongoing meetings at POU Command with Intel.
POU deployed and partnered with York RPS in downtown for presence and quick support - no issues.

OPP POU rotating with York hourly.
No issues in the area of operations.
Planning team priorities being discussed for that group for Tuesday's effort.

Thank you, Andy.

No requirement for you to be here on Tuesday.

POU planning group will be working on various options for our actions on.

I would plan for Medic support for 1 POU Section for 10 days pending a dramatic change in our posture or Mission.

Hello Dave,

Good speaking with you earlier,

As discussed, the RCMP is seeking the help of the OPP in securing the use of one of the OPP Helicopters to support RCMP tactical operations.

Details of the request:

1. To start on 2022-02-01 in the AM. Note that we currently have the use of the Sureté du Québec Helicopter but only until Feb 1st in the morning.
2. The Helicopter would be secured and standing by at the Ottawa RCMP Air Services Hanger.
3. Require 24 hour capacity: requesting crews to be available on site 24hrs.
4. End Date: Still to be determined but expect another 3 days of activity (very fluid).
5. The missions:

- a. to ingress / egress members of the RCMP Emergency Response Team to locations that are no longer accessible by vehicle due to protestors / truckers blocking ground transport. Key Locations are: Parliament Hill, Rideau Hall, Harrington Lake (Furthest point....less than 30minutes flight time)
 - b. to ingress / egress the Prime Minister of Canada (and Family) and / or the Governor General of Canada with spouse. Key Locations: same as above.
6. One RCMP Helicopter is currently engaged for this mission, therefore seeking the second OPP helicopter to support .
 7. All costs will be assumed by the RCMP.

Dave, we fully realize that this is a significant request and that Air assets are at a premium. We also understand if this request cannot be fulfilled.

Thanking you in advance for any consideration the OPP will give to this request.

Dave,

My apologies to our RCMP colleagues but we are unable to support this request. As you know we have committed our Cessna to the Ottawa operation already and we currently have one helo still down for repairs. I spoke to Insp Goncalves and it will be approximately 4 weeks until we can get our second helo operational.

We need to maintain our provincial response capabilities with our remaining helo. Having said that...in an emergent scenario, weather and operations permitting we will of course assist with our remaining helo on case by case basis as much as we are able to upon request.

Thanks,

All OPP POU stood down for evening until 0800.

Toronto, London, York and Durham standing down with Hamilton and Peel stood up to work with OPS and OPP for next operational cycle.

Dave Springer OPP Field Support Bureau
Major Critical Incident Commander 613-285-7406

Freedom Convoy POU Concept of Operations:

- All teams we brief at EY Centre at 0800hrs Saturday January 29th.
- Each team is assigned an OPS Command Liaison:
 - TPS – Sgt Dave Turnbull
 - YRP – Cst Dave McCulloch
 - DRPS – Cst Steve Landon
 - LPS – Sgt Avery Flanagan
- TPS and TPS Mounted Unit will then stage at the Canadian War Museum (1 Vimy Place)
 - Mounted Unit will exercise the horses up Wellington St as a show of police presence dependent on crowd dynamics.
- OPS and LPS will stage at OPS Headquarters at 474 Elgin St.
- YRP and DRPS will stage at Horticulture Building (TD Place) and redeploy where needed as the day progresses.
- OPP has two sections that will be staging with one RCMP section on Parliament Hill. Any issues that arise on Parliament Hill will be dealt with by OPP and RCMP. If additional assistance is required other services may be requested to go onto the Hill and assist.
- Likewise, OPP have advised that if OPS requires assistance outside of Parliament Hill they will assist if "emergent". OPP will provide assistance in Ottawa wherever it is required.
- An additional potential area of operation could be the Governor General's Residence on Sussex. Crowd dependent one team may be requested to stage in their vehicles on Mackay St (south of the residence).
- Teams may be called upon to deploy into an area in a Level 1 capacity to increase the police presence and deal with any potential problems before they escalate. If teams are deployed then it may be determined to move additional teams into the area of operation and potential have sections don Level 3 dress and standby.
- There will be no team staged on standby in Level 3 unless Intel dictates that it is required. All teams will be asked a "Notice to Move" time which will be shared with IC if the need arises.
- If the situation escalates on Wellington or area TPS will transition to Level 3 and deploy to the area with their Mounted Unit. OPS and LPS will transition to Level 3 and engage with TPS. YRP and DRPS will then move into the area of operation as required.
- YRP and DRPS will be used as QRT's outside the area of the main area of operation as approved by Incident Command based on the recommendations of POU Command.
- There is no Traffic Escort available to assist with POU Convoy movement. Our Traffic section is stretched to the limit with the magnitude of this event.
- THIS IS A VERY FLUID SITUATION AND WILL REQUIRE FLEXIBILITY BY ALL SERVICES.

1.0 Public Order Operational Plan Objectives

1.1 Public Order Operational Plan Objectives

- Provide a concept of operation for a measured and scalable formal public order response to the event.
- Promotes interoperability amongst Public Order Groups during the Freedom Convoy – Canada Unity demonstration
 - Ottawa Police Service
 - London Police Service
 - Toronto Police Service
 - Durham Regional Police Service
 - York Regional Police Service
 - Ontario Provincial Police (OPP)
 - Royal Canadian Mounted Police (RCMP)
 - Ottawa Paramedic Service
 - Toronto Paramedic Service
 - Ottawa Fire Service
 - Toronto Fire Service
- Provides a clear command and control structure between NCRCC, Public Order Units, Specialty elements and regular operations elements.
- Provide direction on rules of engagement and actions on to high risk /exigent situations.
- Provide an efficient communications plan to ensure the effective interoperability in the sharing of information between all public order units from the member level, Squad Leader level, POU Commander Level and NCRCC level.

1.2 Guiding Principles

1. Be mindful of the lawful right of individuals or groups to protest visibly and peacefully
2. Work to minimize disruptions and inconvenience to Ottawa residents.

2.0 COMMANDER'S INTENT

STRATEGIC OVERVIEW

GOALS

OTTAWA POLICE SERVICE
CONFIDENTIAL

- Optimize public safety, preserve the peace, enforce the law and provide quality service in partnership with our communities while upholding the fundamental freedoms of assembly and speech.
- Ensure the safety of all security forces.

These goals will be achieved through:

- The use of the Incident Management System and/ or Incident Command System to ensure a coordinated effort of agencies and departments, a common organizational structure, standardized terminology, scalable response, integrated and timely communications and a consolidated plan of action.
- Emphasis on communication and coordination with members of the Public; area businesses; attending protest groups.
- Command and control will be delivered at the strategic, operational, and tactical levels.
- Command, Control, Coordination and Communication will drive all efforts at all levels in both the planning and the operational phases.

OPERATIONAL OVERVIEW

- Operations will be delivered with high police visibility in an appropriate use of force posture to conduct professional policing services in consideration of general threats to the public at large gatherings as indicated by incidents across the world.
- As a result of inconclusive agendas and unconfirmed schedules and locations, operations will depend on flexibility, mobility, and clear command and control.
- Operational plans and responses will have the ability to be escalated or de-escalated based on threat assessment.

All efforts will be made to minimize and mitigate the impacts on the City of Ottawa. Communications and coordination with the public; area businesses; as well as protest groups will be emphasized.

4.0 EXECUTION

4.1 Concept of Operations

Members of the Ottawa Police Service will be working and communicating with all public and community stakeholders to assist in preparation for the visit and its resulting impacts on the Community.

During the demonstration, the Ottawa Police Service will provide a highly visible uniform presence to manage crowds and traffic related issues. Officers will be deployed within

OTTAWA POLICE SERVICE
CONFIDENTIAL

the areas of jurisdiction of the Ottawa Police Service and as defined by this plan. Uniform resources will have components that are mobile, so that the deployment of officers can be fluid and adapt to crowd and traffic management issues in a timely fashion. The OPS will provide resources to support uniform officers, as well as specialized officers to provide a measured response to manage any criminal activity, critical incident or resulting consequences. Officers will be dedicated to communicate with members of the public and media through a coordinated effort with all involved agencies. This deployment will be consistent with the Mission Statement of the Operational Plan.

The Durham Regional Police Service, London Police Service, Toronto Police Service and York Regional Police Service will provide police personnel to support the Ottawa Police Service in their roles related to the demonstration. In order to ensure the effective and efficient utilization of all resources under their command, the Ottawa Police Service will integrate (where possible) or coordinate resources.

The Ottawa Police Service will command all resources through a Unified Command Center (UCC) located at the National Capital Regional Command Center (NCRCC), at 1473 St. Joseph Blvd., in partnership with other Emergency Services and Law Enforcement. The UCC is responsible for all aspects of the response, including developing incident objectives and managing all incident operations.

The Ottawa Police Event Commander and Ottawa Police Incident Commander will be located at the NCRCC.

4.2 Public Order Operational Plan Overview

The Ottawa Police Service Joint Public Order Group is comprised of established public order units from the Ottawa Police Service, the Toronto Police Service, the London Police Service, the Durham Regional Police Service and York Regional Police Service. These 5 public order units have been selected to provide a unified joint formal public order response during the Freedom Convoy – Canada Unity demonstration event in Ottawa under the unified command of the Ottawa Police Service. The response will be a measured and scalable response ranging from crowd management to focused and targeted public order interventions involving specialized tactics, equipment and weapons. A complete public Order Unit will be referred to as 1 Section. The Public Order Units will deploy as follows:

(1 Section)

Ottawa Police Service

Emergency Services Unit

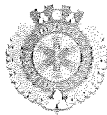

1 OIC

1 Section Commander and Section 2ic

OTTAWA POLICE SERVICE
CONFIDENTIAL

1 Public Order Unit - 4 squads (7 Teams of 5)
1 Less Lethal Team (5 members)
1 Obstruction Removal Team (5 members)
1 Paramedic Support Team (5 members)
1 Paramedic Coordinator
1 Fire Support Team (8 members)
1 Fire Coordinator
Logistics
POU Liaison Officers (with external Agencies)

27 Officers

2 LRAD

DRPS: Total #of members: 32

Total # of vehicles: 8

PHASE 1: Administrative and logistical phase

- A. 28Jan2022: External POU support teams will arrive in Ottawa and check in at their designated hotels.
- B. 28Jan2022: Public order commanders briefing 2000hrs at the EY Centre.

PHASE 2: Pre Deployment and staging phase.

- A. 29Jan2022: 0800hrs Teams Briefing EY Centre
POU prep for deployment.
- B. 29Jan2022: 1000hrs Deployment of identified POU assets to designated staging

OTTAWA POLICE SERVICE
CONFIDENTIAL

points

- i. All POU assets muster and deploy from EY Center
 - a. Order to move given by NCRCC

PHASE 3: Deployment Phase

A. 29Jun2022: All POU assets launch into an Operational posture.

- i. Unplanned or Unexpected circumstances will require Ad Hoc strategic planning between the OPS, NCRCC and available resources giving rise to additional stages.

PHASE 4: Demobilization

A. POU assets stand down from an Operational posture.

- i. POU assets may be stood down in a graduated manner or may be all stood down at once:
- ii. Authority to stand down POU assets will come from the Incident Commander.

4.3 Public Order Operational Plan Mandate

The Public Order teams have come together in order to provide a measured and scalable formal public order response to the Freedom Convoy – Canada Unity event that ensures protection of life and property and enforcement of the law. The response plan holds to its core the preservation of expression, assembly and association as guaranteed by the Charter of Rights and Freedoms. Command and Control Strategies, tactics and techniques are in place to manage this event should it remain peaceful and lawful or in the event it escalates to a disorder state. The plan has been developed with the emphasis on the protection and safeguarding of community members, lawful protesters and emergency services personnel while respecting the rights of all.

4.4 Officer Health and Safety

A. Meals

Meals will be coordinated by logistics unit between box lunches and hot meals if feasible.

Down Rooms: EY Center
Horticulture Building (TD Place)
Ottawa Police Headquarters (474 Elgin)
Canadian War Museum (1 Vimy Place)

OTTAWA POLICE SERVICE
CONFIDENTIAL

B. Relief of units

The Public Order Manager will coordinate relief of deployed public order units with the respective Section Commanders. Down rooms are centrally located within the theatre of operation to allow for down time in climate controlled and secure locations.

- EY Center, 4899 Uplands Dr
- Canadian War Museum
- Horticulture Building
- City Hall, 110 Laurier Ave
- Ottawa Police Service, 474 Elgin St

4.5 Roles and Responsibilities

Structure

A complete public order unit, regardless of what level it responds in, will be referred to as a public order unit or a "Section". A Section will be under the Command of a Public Order Commander (also referred to as a Section Commander) supported by a Section second in command. A Section's structure allows for it to operate as one unit or break down into 4 relatively independent sub units called "Squads". TPS, YRP and DRPS have Squads of 8 including a Squad Leader. OPS and LPS have Squads of 10 including a Squad Leader and Squad 2ic. The model that OPS and LPS operate under allows the Squad itself to break down into another sub unit called a Team. Each team consists of 5 including a Team Leader.

Each Section will be deploying with a less lethal component. OPS and TPS additionally will have full integrated paramedic and fire support capability in all levels.

Response Levels

1. Level 1 (also known as Soft Tac) will consist of the following: Members...
 - a. will be dressed in their services approved BDU uniform
 - b. Will wear protective eye wear
 - c. Will wear all Use of Force items
 - d. Will wear ballistic vest
 - e. Will wear high visibility vest (or high visibility rain jacket)
 - f. Will have name tag clearly displayed on the outermost layer.
 - g. Will have Gas mask slung
 - h. Will have issued radio and proper ear piece
 - i. Will have proper issued note taking material
2. Level 2 (also known as transition) will consist of the following: Members...
 - a. Will have everything listed for Level 1

OTTAWA POLICE SERVICE
CONFIDENTIAL

- b. Will wear increased protective Equipment (staged in close proximity at all times – vans or equipment vehicle)
 - i. Service approved public order helmet
 - ii. Padded gloves
 - iii. Stick
 - iv. Shield
 - v. Shin pads(optional)
- 3. Level 3 (also known as Hard Tac) will consist of the following: Members...
 - a. Will wear outer wear that is fire retardant
 - b. Will wear a fire retardant balaclava
 - c. Will wear service issued protective padding
 - d. Will wear reinforced protective boots
 - e. Will wear padded gloves
 - f. Will wear their service approved public order helmet
 - g. Will wear all use of force items
 - h. Will wear ballistic vest
 - i. Will have individual fire suppression capability
 - j. Will have issued personal radio and proper ear piece
 - k. Will have note taking material
 - l. Will have stick and shield elements
 - m. Will have Less Lethal and chemical munitions elements

Positions

A. Public Order Liaison Officer:

LPS – Sgt Avery Flanagan (OPS)

TPS – Sgt David Turnbull (OPS)

YRPS – Cst David McCulloch (OPS)

DRPS – Cst Steven Landon (OPS)

- a. Will be a senior OPS ESU officer assigned to an external agency public order unit
- b. Will be attached to the external agency Section Commander
- c. Will assist the Section Commander with communication and interoperability with other public order units.
- d. Will facilitate the movement of the public order unit.

B. Public Order Commander (also known as Section Commander):

OPS – Sgt Bob Reeve (Sgt Sebastian Paradis 2ic)

LPS – S/Sgt Trevor Poole (Sgt James MacLachlan 2ic)

TPS – Supt Ron Khan (S/Sgt Andrew Taylor 2ic)

YRPS – Insp Timothy Skinner (S/Sgt Marc Hilliker 2ic)

DRPS – S/Sgt Cory Breise (Sgt Dan Weiner 2ic)

OTTAWA POLICE SERVICE
CONFIDENTIAL

- a. Will command all Squads and specialty teams assigned to their public order unit.
- b. If deployed for a specific public order incident, will report to and take direction from the NCRCC on the Public Order Command Net Channel or regular operational channel.
- c. Will report to and take direction from the Unified Public order Ground Commander if deployed (receiving direction on the Public order Command Net).

(refer to individual Service unit rosters)

- d. Will command all members in their respective Team
- e. Will report to and take all direction from their respective Section Commander
- f. Will operate on assigned channel
- g. Unless exigent circumstances are present and the actions fall under the react authority matrix, all Less Lethal engagements will be on the Section Commanders authority.

4.7 Contingency Plans

A. Measured crowd management / POU response

- The security plan as it relates to crowd management / Public Order has been conceptualized with the intent on providing a measured and scalable response commensurate to the dynamics and circumstances at hand while respecting individual's right to expression, assembly and association as guaranteed by the Charter of Rights and Freedoms.
- From a crowd management perspective, police response involves regular uniformed officers, Police Liaison Officers and specially trained units of public order officers both in Soft and Hard Tac levels for the duration of the event.
- The security plan involves a significant regular uniformed presence to secure routes as well as restricted zones around sites. These restrictions are being imposed not to restrict individual's rights as outlined in the Charter but to guarantee the safety and the security of all.
- Should these security measures be compromised, or show risk of being comprised due to large gatherings of individuals, the security plan involves several highly skilled and specially trained crowd management teams to provided an increased response using what is known as Soft Tactics. Understanding the great interest many people from various groups will have to participate in this event, as long as these groups remain peaceful and lawful, the response will focus on facilitating their participation in this event while still balancing the integrity of the security and safety of all.
- Dynamics common to large gathering combined with elements that may be attending for unlawful purposes may require these specialty teams to increase their response and security posture. These teams have an intermediate level

OTTAWA POLICE SERVICE
CONFIDENTIAL

which is a visible increase in security posture but is primarily a level that provides basic protection equipment to protect the well being of these specialty teams members from injury while still allowing them to manage a large crowd which for the most part (with the exception a small percentage) are there for a lawful purpose. If this response allows the specialty teams to apprehend the unlawful element and return the gathering to a normal state, these teams have the ability to deescalate back to Soft tactics to continue with the crowd management of a lawful crowd.

- Regardless of all efforts to deescalate a situation by intervention tactics or negotiation by police liaison officers, an individual or individuals who have the drive and focus to act in an unlawful manner which has caused or is a significant risk to cause harm to community members or emergency services personnel who are in the lawful execution of their duty, these specialty teams have the ability to increase their response one further level to a Hard Tactics response level. This response is adopted as a last resort option that combines specialized protective gear, coordinated special public order tactics and specialized weapons and munitions to re-establish normalcy, secure the welfare and safety of members of the community, emergency services personnel or the security of the IPPs and apprehend individuals identified for arrest.
- Prior to an Incident Commander authorizing such a level of response, all other means have proven unsuccessful including repeated attempts to clearly communicate with the individual or individuals and there is an existing or imminent risk to health and wellbeing of individuals in the crowd. As such, the security plan allows for an authorization by the Incident Commander to use targeted direct action and tactics on specifically identified individual or individuals to affect the arrest or arrests. Given the nature and the dynamics of a gathering, the tactics take into account the various elements of a crowd where these unlawful suspects attempt to remain anonymous or concealed. Individuals such as lawful protesters, innocent onlookers, local residents, media personnel just to name a few may by mere geographical positioning experience a temporary detention while officers make concerted effort to remove the illegal element. The tactics allow for the expedited removal of these non involved lawful individuals from the targeted area while focusing on the apprehension of specifically identified individuals. Regardless if these specialty teams have escalated to this level of response, if the circumstances allow, they have the full ability to deescalate to a level commensurate with the lawfulness of the gathering.

B. Medical emergency

- The Ottawa Paramedic Service, Paramedic Support Unit (PSU) is a multi function unit that supports the Ottawa Police Emergency Services Unit (ESU) with a responsibility to provide highly trained and equipped Paramedics with specialized skills and expertise to respond to a multitude of environments and dynamic patient's. The Paramedic Support Unit is fully integrated with the Ottawa Police Emergency Services Unit in a public order environment and has capacity to respond to both a critical injury within a crowd as well as a critical

OTTAWA POLICE SERVICE
CONFIDENTIAL

injury of emergency services personnel during peaceful demonstrations as well as a serious disorder situation.

- The Paramedic Support Unit has capacity to treat, stabilize and extract both the public and emergency services personnel from an affected zone to regular operations paramedics as well as utilizes a PSU staffed quick response transport (QRT) ambulance embedded within the team to mitigate the option of having to hand off to regular operations paramedics and transport directly to an emergency room facility if the situation deems necessary. The PSU team operates with both Ottawa police communications as well as a Paramedic based communications structure. The PSU Coordinator has direct communication during the NCRCC with both the PSU TL and the Paramedic Operations Section Chief to facilitate extraction to regular operations paramedics. The POSC is stationed within the Paramedic Command Center (PCC). All PSU team members also have the authority and jurisdiction, under the Base Hospital Medical Director of the Regional Paramedic Program of Eastern Ontario, to operate in Quebec when required.
- The Paramedic Support Unit also has a mandate to provide treatment and rehabilitation of ESU officers and embedded paramedics providing regular checks and assessments of the officers with the authority, in consultation with the Section Commander, to remove an officer from duty if deemed medically necessary.
- The Paramedic Support Unit members will report to and take direction from the ESU Section Commander when instructed during operations and will adhere to ESU standard operating procedures and the operational plan of the event while operating within their medical scope of practice.

C. Fire situation

- OPS and TPS public order units each have an imbedded team of firefighters who are equipped to deal with Molotov cocktails, most commonly encountered exterior fires (cars, dumpsters etc) and external attack only for structure fires.
- The fire support members have the ability to attach to any hydrant or building standpipe within the affected area. In the City of Ottawa, there is a maximum distance of 300' between any given hydrants. Given this, the Fire support members are able to provide water suppression regardless of the location.
- TPS has two firefighters with one vehicle.
- Should a larger OFS suppression response be deemed necessary upon assessment by a Fire Support member, identification of routes and required extra resources can be coordinated through the Fire team leader, the Public Order Commander, FSO coordinator, and the NCRCC as the Fire Team Leader has direct communication with the Fire Operations Chief in the NCRCC on Ottawa Fire radio channels.

OTTAWA POLICE SERVICE
CONFIDENTIAL

D. CBRNe Event

- Of all the deployed public order units, only the OPS public order unit has the capability to respond to a CBRNe incident. OPS will have their members CBRNe kit bags stored at the down room site. OPS ESU member have a personalized CBRNe kit bags containing the following:
 - Tychem 6000 Multi-Threat Ensemble
 - Chemical splash suit
 - TyVec suit
 - 1 x CBRNF canisters
- In the event of a CBRNe event, OPS public order unit once directed to by the NCRCC, will report to the 474 Elgin St, stage with CBRNe kits and await direction from the City of Ottawa CBRNe Task Force (CTF). OPS ESU will operate generally within the "Warm Zone" based on designated duties as outlined in the City of Ottawa - Office of Emergency Management - CTF Response Plan.
- LPS, TPS, YRPS and DRPS POUs once directed to by the NCRCC, will stage at a designated location and await instructions from the CTF to assist in the control of the "Cold Zone".
- OPS ESU shall not operate in a "HOT Zone" that is deemed "IDLH" (Immediately dangerous to life or health).

E. Search

- In the jurisdiction of the City of Ottawa, the Ottawa Police Service is responsible for managing and conducting ground searches for missing/lost persons. As such the Ottawa Police Service has designated the Emergency Services Unit with the responsibility of having trained Search Managers, Search Team Leaders and Search Members available 24/7/365 to provide the required response.
- In light of ESU's dual functions, priority of duties may fall into conflict during all phases of the event. The following contingency response plan will be in place from the 28-30 of Jan:
 - All Missing or Lost Person calls will be handled as per policy guidelines with regards to measure of response. A call for service for a missing/lost person shall be handled as per current OPS Policy and Sectional Procedures.
 - **In the case where a search manager is required, the process should be as follows:**
 - Consult with the on call list and associated ESU search manager who is assigned to cover a particular time period. The on call list is posted internally at OPS and is available through the Communications Centre.

OTTAWA POLICE SERVICE
CONFIDENTIAL

- During the operational/deployment phase of the event, January 29, SM Mike Adlard is to be contacted directly. During all other time periods, consult the on call list
- From the period between 28-29Jun2016, The respective Search Manager will assess the situation and proceed with steps as follows:
 1. Contact the Duty Inspector and provide an analysis of the situation including recommendations for response levels
 2. The search manager will contact the OPS Coordinator and discuss options to be communicated to the event Incident Commander.
 3. The event Incident Commander in consultation with the Duty Inspector will determine whether or not ESU assets are to be released from the event.
 4. In the case where ESU assets or a portion of ESU Assets are released from the event, the on call SM will coordinate and deploy these assets once they have been released from event duties.
 5. In the case where the decision is made NOT to release ESU assets, pre-arrangements have been made between ESU SAR, and SBO-OVSAR (Sauvetage Benevole Outaouais – Ottawa Volunteer Search and Rescue (Accredited Ontario Search and Rescue Volunteer Association) that requests may be made on the part of the Ottawa Police Service to have qualified outside agencies assist in a ground search if warranted. *NOTE: in the case of a high risk SAR operation, civilian assets shall not be utilized.*
 6. In the event of a High Risk Search and Rescue (HRSAR) incident, The OPS Coordinator will be notified immediately. The Duty Inspector and Incident Commander will made the decision as to the redeployment of ESU for a HSAR operation.
 7. During overnight periods or off hours when ESU is not directly involved in event activities, the on call search manager will be contacted and assess normally.

4.8 Demobilization Plan

As indicated in section 4.2, demobilization will take place in phase 4 of the operation

OTTAWA POLICE SERVICE
CONFIDENTIAL

Phase 4: POU assets stand down from an Operational posture.

- i. POU assets may be stood down in a graduated manner or may be all stood down at once (decision lies with the Incident Commander):
- ii. Authority to stand down POU assets will come from the NCRCC on direction from the Incident Commander.
- iii. There will be 4 Steps to demobilization.
 - a. Step 1: all members and assets return to EY Center. Individual Roll call will be conducted by respective Public Order Commander that all Unit members and assets are accounted for.
 - b. Step 3: POU general debrief - all members attend the EY Center briefing hall.
 - c. Step 4: Members except for Section Commanders are released from Duty. External agencies return to their hotels and ESU members are released from EY Center.

4.11 Parliamentary Privilege

Members of the House of Commons and the Senate have unfettered access to Parliament Hill in what is known as Parliamentary Privilege. Historical and legal precedents long established over time and, during similar events, security concerns do not override this privilege.

4.12 Crowd Observers

During the event there will be a number of officers working in an undercover capacity as Crowd Observers. It is imperative that the covert nature of these members is not compromised by uniformed officers in any manner. Should there be any instance in which a uniformed or plain clothes officer absolutely must have contact with a member of the Crowd Observer Unit (emergency situation), then every effort should be made to keep their true identity covert. All members from the Crowd Observation Unit will be able to identify themselves (if needed) with a Password: "HEART" and/or Reply: "CROWN". The Crowd Observers will be armed and have unique police identifiers on them, which can be deployed should it be necessary. During the briefing you will be given further details on these identifiers.

5.0 COMMAND AND CONTROL

5.1 Public Order Communications Plan

OTTAWA POLICE SERVICE
CONFIDENTIAL

Operational Channels:

- **Public Order Command Net: Special 3**
- **Public Order Ch1: ESU1 (Hard Tac)**
- **Public Order Ch 2: ESU2 (Hard Tac)**

Commanders from all Services will be issued with Ottawa Police radios allowing all services to give greater communication interoperability while operating in a Soft Tac capacity. The liaison officer will also have a radio monitoring Special 3.

In the event of a Public Order Incident, the JPOG assets will switch their channel to the POU Channel designated. They will operate on this independent channel while resolving the Public Order Incident. All public Order Commanders along with NCRCC will be in constant communication over the common channel.

In the event of a Critical Public Order incident, each JPOG asset will have an independent simplex channel assigned to them that will allow each JPOG asset to communicate independently or, if required, jointly with other JPOG assets. All public Order Commanders along with UCC will be in constant communication over the POU Command Net.

SITUATION AND TIMELINES

A convoy of Canadian truck drivers and their supporters are travelling from various cities to Ottawa to protest a federal vaccine mandate for truck drivers crossing the Canadian-United States (US) border. They are expected to arrive in Ottawa around 28 and 29 January.

Once in Ottawa, Freedom Convoy 2022 organizers have stated an intent to remain at Parliament Hill until the Federal government concedes to repeal all COVID-19 public health restrictions and mandates. Organizers have indicated they are planning to stage disruptions that may gridlock areas around Parliament buildings and parts of Ottawa. There is no expressed departure date for when participants will disperse or the action will end.

Information shared through social media has indicated some convoy participants and supporters may attempt to disrupt the business of government by holding events at or near City Halls, Provincial government facilities, offices and/or properties. Public Health Units, mainstream media outlets, and law enforcement facilities may also become vulnerable to protest activities consistent with ongoing anti-mandate and anti-government organizing.

On the 28th of January 2022 Parliamentary Protective Services requested OPP Public Order support. Two OPP Sections have been assembled in response to this request.

Intelligence

Extremists and other individuals supporting COVID-19 conspiracy theories and violent anti-authority/anti-government views have expressed intent to participate in the convoy and to attend the accompanying protests in Ottawa:

- During a news interview with a convoy supporter in Saskatoon on 26 January, the supporter advocated civil-war and also noted he and others have guns.
- Online supporters of the convoy are calling for the convoy and associated protest to be used as Canada's 'January 6' opportunity, in reference to the insurrection of Capitol Hill in the United States in 2021.
- An online supporter of the convoy and protest espoused online "If anything we should grab Trudeau by the neck and kick the s**t out of him for what he's done."

In recent days, organizers of the protest have sought to distance themselves from the more extreme views of a vocal minority.

External Police Assistance – January 29th and 30th

Ottawa Police have secured the assistance of the following policing agencies:

Confidential OPP POU Operational Plan
29th & 30th January 2022 A/Supt Michael Francis #8849

Toronto Police Service – Public Order Unit

York Regional Police- Public Order Unit

Parliamentary Protective Services secured the assistance of the following policing agencies:

Ontario Provincial Police – Public Order Unit 2 Sections

RCMP- Public Order Unit

This operational plan aims to ensure the safe and successful deployment of police resources.

MISSION STATEMENT

The OPP will provide Public Order Support to the Parliamentary Protective Services (PPS) on the 29th and 30th of January 2022. It is the role of the OPP to keep the peace, enforce legislation while respecting Charter Rights to peaceful assembly and freedom of speech. Public safety is paramount.

EXECUTION- Concept of Operations

The OPP supports the inherent right of the citizens of Ontario to engage in lawful activity. The OPP recognizes and respects the freedom of assembly and speech guaranteed within the Charter of Rights and Freedoms. The OPP recognizes the interests of all involved parties. The OPP will engage pro-actively with policing partners, ministry stakeholders and all communities to ensure a safe and secure environment for all participants.

Public safety is the priority and we intend to ensure that this priority is served in the best way possible and will respond to any issues in an appropriate and professional manner. The OPP is responsible for maintaining public peace and public safety. We will act to preserve both.

Issues arising as a result of persons or groups exercising their democratic rights in a peaceful manner that does not pose significant hardships on others or a risk to public safety shall be addressed at the lowest competent level.

MAIN ACTION PLAN

OPP POU sections will be deployed to support PPS at the direction of the POU Commander in consultation with the Section Commander.

- Support PPS uniform members and their crowd management plan

IMMEDIATE ACTION PLAN

In the event of a request from PPS to support their inner perimeter, POU Sections will deploy (Hard or Soft Tac) as directed by the POU Commander.

LRAD usage will be at the direction of the POU Commander.

SCENARIO # 1

In the event a perimeter breach or gathering is no longer manageable (Situation out of control) PPS officers will:

- Notify the ground supervisor or incident commander.
- Contain the area at its closest and safest perimeter.
- Request additional officers to the area through the designated supervisor in addition to POU Support.

SCENARIO # 2

In the event of an Officer Down Scenario, PPS officers will:

- Notify the on ground supervisor or incident commander.
- If the injured officer is in a non-hostile zone and can be retrieved safely, a minimum of two officers will be utilized to extract the officer.
- In the event the injured officer is outnumbered or in a hostile zone, officers will call for assistance and/or deploy members of the OPP POU
- If the injured officer requires medical attention, the assigned partner of the injured officer will also attend Ottawa Hospital.

SCENARIO # 3

In the event of an injured citizen scenario PPS officers will:

- Notify the ground supervisor who will consider POU support

East Region TRU will provide over watch support under the direction of CIC A/Supt Francis.

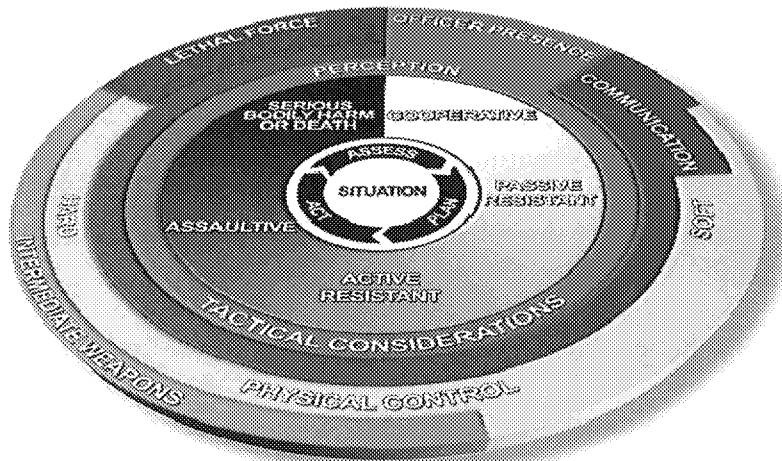

Administration

Use of Force Policy

POU members are in a supportive role to PPS operations under the OPP POU Section Commander. POU deployment strategy shall follow the gradual application of force policy in dealing with crowd related issues. The following directions are applicable within the guidelines of the Police Services Act and OPP policy.

- Members shall exercise personal control and not be drawn to personal confrontations.
- Use of personal issue OC, baton, Taser, and firearm are the responsibility of the member within policy and training guidelines.
- OC canisters other than personal issue shall only be utilized under the approval of the POU Commander except under exigent circumstances involving bodily harm or death.

- ARWEN will be utilized under the authorization of the POU Commander except under exigent circumstances involving bodily harm or death.
- CS gas will be utilized under the authorization of the Operational Commander under exigent circumstances involving serious bodily harm or death.
- CS blast dispersion may be authorized by the POU commander, with notice to the Operational Commander.
- The POU Section leader will submit team Use of Force reports daily where required.

The officer continuously assesses the situation and selects the most reasonable option relative to those circumstances as perceived at that point in time.

Arrest Procedures - General Guidelines

- Offenders may be arrested for any offences involving violence, damage to public/private property or other arrestable offences under the Criminal Code.
- Officers should use discretion on determining when to arrest violators, keeping in mind such variables as officer safety, safety of the public, potential for increased violence and seriousness of the offence.
- Mass arrests shall be conducted only with the approval of POU Commander.
- Officers should exercise personal restraint when dealing with persons to avoid escalating the level of force required.
- Officers should be aware that some persons might attempt to taunt and provoke the officer into a confrontation. Members are to be aware of this tactic and perform their duties in a professional manner at all times.
- All arrests conducted by OPP members shall be based in accordance with existing rules of evidence and legal requirements under the applicable Statute.

Arrest Procedures

In the event an arrest is made by a member of the OPP:

- The OPP member will give custody of the arrested person to a uniform PPS member
- The arresting officer will provide all grounds to the PPS member including:
 - i. Indication of the offence for which the person was arrested.
 - ii. Provide a brief synopsis of circumstances of the arrest and personal identification to the PPS member.

- iii. The OPP member shall complete notes as soon as is practicable and prior to going off duty.
- The PPS member will then take custody of the arrested person and will follow the regular arrest procedure.

SIU

- Contact with SIU is the responsibility of the SIU liaison officer from the service of the subject officer.
- In the event that multiple services are involved all contact with the SIU will be thru the SIU liaison officer from the service of the subject officer(s)

Medical Treatment and Evacuation

- POU members shall carry the emergency medical information card in the left chest pocket of the POU uniform.
- TEM's in consultation with Ottawa EMS will provide medical support.
- Where an officer is injured while in a POU capacity and can be moved, they may be taken to a secure area and medical treatment shall be sought immediately from EMS Paramedics.
- Where a member is suspected of being contaminated by a noxious or hazardous substance, medical treatment shall be sought immediately from the EMS paramedics.
- Where an officer is injured and cannot be removed the POU Leader shall request the assistance of, paramedic support. The area shall be secured for the medical assistance being provided.
- Ottawa General and Ottawa Civic Hospital both designated as the police care facilities. Any injured member who is transported to hospital will be accompanied by a supporting POU uniform member

COVID-19 PREVENTION

- Officers must wear a medical grade mask when they are within 2 meters of another person who is not wearing a mask or face covering in a manner that covers that person's mouth, nose and chin during any period when that person is in an indoor area; and is not separated by Plexiglas or some other impermeable barrier from a person.
- It is crucial that appropriate PPE is worn by all officers. Appropriate PPE is to be worn including both eye protection and a medical grade masks, when interacting with all community members regardless of location (indoors and outdoors) that could be potentially unmasked. Please note that issued eye protection are safety glasses, and it does not include personal prescription eyeglasses alone.

- All staff/officers must wear a medical grade mask when riding in a vehicle with another individual/officer.
- At the commencement of each members tour of duty, the COVID-19 Symptom Screener and Guidance Chart shall be reviewed any "Yes" response to any of the questions, the member shall immediately advised there assigned team leader.

Staging

- Alpha & Bravo– Sections will be staged for operations at the Brook Street Hotel at 0600 Saturday 29th January. At the direction of the Public Order Commander, TRU, Alpha and Bravo will move to the forward staging location Parliament Hill- West Block. Parking will be provided for both sections.
- Members shall remain with their squads at all times.
- POU Leader shall ensure the operational readiness and response of their units.

Logistics

- Accommodations: Brook Street Hotel 525 Legget Dr Ottawa (Kanata)
- While forward staged with PPS- Meals will be provided on site.

POU Equipment

- POU members will be deployed in Soft Tac until advised by POU Section Commander. Medical grade masks, eyewear and high visibility vests mandatory.
- Members shall ensure their personal radio is re-charged at the conclusion of each operational period.
- All members will have their issue hard tac gear in their assigned vehicles.
- All CS gas shall be controlled by the Team Leader upon arrival for inventory.
 - CS Blast and triple charge gas grenades per Less Lethal squad
- ARWEN rounds will be inventoried by the Team Leader and signed out daily.

Transportation

- Transportation by Section will be by OPP vehicles, preferably quad cab pick-ups or vans.

RMS: RM22009444

DAR Registry: 22-59

Cost Code: 837316 Approver A/Insp Elizabeth Belanger

Briefings: Squad leaders will be briefed by Section Commanders at 1700hrs 28Jan-Brookstreet.

Members will be provided with a notebook insert to place in their respective notebooks.

- **Sec. 10:** Be informed promptly of reasons thereof / to retain & instruct counsel without delay & be informed of Right / validity of detention to be determined by habeas corpus & released if detention is unlawful.
- **Sec. 12:** Not to be subjected to any cruel & unusual treatment or punishment

PUBLIC ORDER SUMMARY OF CRIMINAL CODE OFFENCES

The following are summaries of applicable sections of the Criminal Code of Canada, in relation to a Public Order Unit incident. The Criminal Code should be referred to for the actual section.

The crowd/individuals must be advised that they cannot go beyond a certain point as identified by the officer and to do so, constitutes a criminal offence of Obstructing a Peace Officer and that they will be arrested. Once they make a physical attempt to breach or circumvent the line, the offence has been met and they can be processed accordingly.

In order to process in court however, ERT/Uniform members would be expected to provide the evidence of the caution prior to the offence and the evidence of the physical breach or attempt to breach the line.

Offences relating to Resisting or Obstructing Public or Peace Officer - Section 129:

Everyone who resists or willfully obstructs a public or peace officer engaged in the execution of his duty or anyone acting in their aid is guilty of a dual offence.

Protection of Persons Administering and Enforcing the Law - Section 25: Everyone required or authorized by law to do anything in the administration or enforcement of the law, is if he acts on reasonable grounds, justified in doing what he is required or authorized to do and in using as much force as is necessary for that purpose.

Excessive Force - Section 26: Everyone who is required by law to use force is criminally responsible for any excess.

Use of Force to Prevent Commission of Offence - Section 27: Everyone is justified in using as much force as is reasonably necessary to prevent the commission of an offence.

Arrest for Breach of the Peace - Section 31: Every Peace Officer who witnesses a breach of the peace is justified in arresting any person whom he finds committing the

breach or on reasonable grounds, he believes is about to join in or renew the breach of the peace.

Use of Force to Suppress Riot - Section 32: Every peace officer is justified in using or in ordering the use of, as much force as the peace officer believes, in good faith and on reasonable grounds, is necessary to suppress a riot.

Duty of Officers if Rioters do not disperse - Section 33: Where the proclamation referred to in section 67 has been read or an offence against paragraph 68 has been committed, it is the duty of a peace officer and of a person lawfully required to assist him, to disperse or to arrest persons who do not comply with the proclamation.

Unlawful Assembly - Section 63: An unlawful assembly consists of three or more persons who, with intent to carry out any common purpose, assemble as to cause persons in the area to fear on reasonable grounds that they will disturb or cause others to disturb the peace tumultuously.

Riot - Section 64: A riot is an unlawful assembly that has begun to disturb the peace tumultuously.

Punishment of Rioter - Section 65: Everyone who takes part in a riot is guilty of an indictable offence.

Punishment for Unlawful Assembly - Section 66: Everyone who is a member of an unlawful assembly is guilty of a summary offence.

Reading Proclamation - Section 67: A person who is a Justice, Mayor or Sheriff, or the lawful deputy of a Mayor or Sheriff receives notice within their jurisdiction that twelve or more persons are unlawfully and riotously assembled together shall go to that place and from a place of safety read the Proclamation in a loud voice.

Offences Related to Proclamation - Section 68: Everyone is guilty of an indictable offence and liable to imprisonment for life who: opposes, hinders, or assaults the person reading or is about to read the proclamation, or does not peaceably disperse and depart the area within 30 minutes after the proclamation is made.

Causing Disturbance - Section 175: Everyone who causes a disturbance in or near a public place by: fighting, screaming, shouting, swearing, singing or using insulting or obscene language, by being drunk or by impeding or molesting others persons is guilty of a summary conviction offence.

Assaulting a Peace Officer - Section 270: Everyone commits an offence who assaults a public or peace officer engaged in the lawful execution of his duty or a person acting in the aid of an officer. Or a person with intent to resist arrest or prevents the lawful arrest or detention of himself or another person.

Intimidation - Section 423(1)(g): Everyone commits intimidation where a person intending to compel someone to abstain from doing something he has a right to do; wrongfully and without authority uses violence or threats of violence; or blocks a highway

Mischief - Section 430: Everyone commits mischief, who willfully destroys or damages property; renders property dangerous or useless; obstructs interrupts or interferes with the lawful use and enjoyment of property.

Arson - Section 433: Every person who intentionally or recklessly causes damage by fire or explosion to property whether or not if he owns it or not is guilty of an indictable offence and liable to life imprisonment.

Disobeying Order of Court - Section: 127(1): Everyone who, without lawful excuse, disobeys a lawful order made by a court of justice or by a person or body of persons authorized by any Act to make or give the order, other than an order for the payment of money, is, unless a punishment or other mode of proceeding is expressly provided by law, guilty of:

- (a) an indictable offence and liable to imprisonment for a term not exceeding two years; or
- b) an offence punishable on summary conviction

Arrest Authorities

Section 495 of the Criminal Code of Canada:

Arrest without warrant by Peace officer

(1) A Peace officer may arrest without warrant

- (a) a person who has committed an indictable offence or who, on reasonable grounds, he believes has committed or is about to commit an indictable offence;
- (b) a person whom he finds committing a criminal offence; or
- (c) a person in respect of whom he has reasonable grounds to believe that a warrant of arrest or committal, in any form set out in Part XXVIII in relation thereto, is in force within the territorial jurisdiction in which the person is found.

Provincial Laws

Direction of Traffic by Police Officer: S. 134(1) HTA Where a police officer considers it reasonably necessary, (a) to ensure orderly movement of traffic; (b) to prevent injury or damage to persons or property; or (c) to permit proper action in an emergency, he or she may direct traffic according to his or her discretion, despite the provisions of this Part, and every person shall obey his or her directions.

Blocking Intersection: S. 145 (1) HTA The council of a municipality may by by-law prohibit a driver or street car operator approaching, at an intersection, a traffic control signal showing a circular green or green arrow indication from entering the intersection

unless traffic in front of him or her is moving in a manner that would reasonably lead him or her to believe he or she can clear the intersection before the signal indication changes to a circular red indication.

Parking on Roadway: S. 170 (1) HTA No person shall park, stand or stop a vehicle on a roadway, (a) when it is practicable to park, stand or stop the vehicle off the roadway; or (b) when it is not practicable to park, stand or stop the vehicle off the roadway unless a clear view of the vehicle and of the roadway for at least 125 meters beyond the vehicle may be obtained from a distance of at least 125 meters from the vehicle in each direction upon the highway.

Regulating or Prohibiting Use of Highway by Pedestrians: S. 185 (1) HTA The Minister may make regulations prohibiting or regulating the use of any highway or part thereof by pedestrians or animals or any class or classes of vehicles. Removing pedestrians - (3) Where a pedestrian is on a highway in contravention of a regulation made or by-law passed under this section, a police officer may require the pedestrian to accompany him or her to the nearest intersecting highway on which pedestrians are not prohibited and the pedestrian shall comply with the request.

Use of Controlled-Access Highways by Pedestrians R.R.O. 1990, REGULATION 627
1. (1) Subject to subsection (2), pedestrians are prohibited from using those parts of the controlled-access highways described in Schedule 1. O. Reg. 255/04, s. 1 (1).
(2) Subsection (1) does not apply to pedestrians, (a) engaged in police, highway maintenance, highway construction or vehicle inspection duties; (b) within commuter parking lots established and maintained by the Ministry or proceeding directly between such lots and adjacent intersecting highways; (c) within truck inspection stations or pulp load check areas established and maintained by the Ministry; (d) making use of a controlled-access highway where the use is necessary because of an emergency; or (e) crossing at a traffic control signal or a crosswalk.
2. Where a highway is referred to in a schedule by a number or name, the reference is to that part of the King's Highway or to the private toll highway that is known thereby.

SITUATION AND TIMELINES

A convoy of Canadian truck drivers and their supporters are travelling from various cities to Ottawa to protest a federal vaccine mandate for truck drivers crossing the Canadian-United States (US) border. They are expected to arrive in Ottawa around 28 and 29 January.

Once in Ottawa, Freedom Convoy 2022 organizers have stated an intent to remain at Parliament Hill until the Federal government concedes to repeal all COVID-19 public health restrictions and mandates. Organizers have indicated they are planning to stage disruptions that may gridlock areas around Parliament buildings and parts of Ottawa. There is no expressed departure date for when participants will disperse or the action will end.

Information shared through social media has indicated some convoy participants and supporters may attempt to disrupt the business of government by holding events at or near City Halls, Provincial government facilities, offices and/or properties. Public Health Units, mainstream media outlets, and law enforcement facilities may also become vulnerable to protest activities consistent with ongoing anti-mandate and anti-government organizing.

On the 28th of January 2022 Parliamentary Protective Services requested OPP Public Order support. Two OPP Sections were assembled and provided the necessary public order support. Primary objective was the West Block Building.

On the 30th of January 2022 Ottawa Police Service requested OPP public support. The OPP will provide shift public order support from PPS to OPS commencing on the 31st January 2022 in the form of 1 OPP section.

Intelligence

Extremists and other individuals supporting COVID-19 conspiracy theories and violent anti-authority/anti-government views have expressed intent to participate in the convoy and to attend the accompanying protests in Ottawa:

- During a news interview with a convoy supporter in Saskatoon on 26 January, the supporter advocated civil-war and also noted he and others have guns.
- Online supporters of the convoy are calling for the convoy and associated protest to be used as Canada's 'January 6' opportunity, in reference to the insurrection of Capitol Hill in the United States in 2021.
- An online supporter of the convoy and protest espoused online "If anything we should grab Trudeau by the neck and kick the s**t out of him for what he's done.

In recent days, organizers of the protest have sought to distance themselves from the more extreme views of a vocal minority.

Significant crowds 29th of January in the Parliamentary Precinct (10,000) and within the City of Ottawa.

External Police Assistance – January 29th, 30th, 31st and February 1st

Ottawa Police have secured the assistance of the following public order Teams:

Toronto	York	London
Hamilton	Peel	OPP 31Jan & 1Feb 1 section

Parliamentary Protective Services secured the assistance of the following policing agencies 29th and 30th Jan:

Ontario Provincial Police – Public Order Unit 2 Sections

RCMP- Public Order Unit (in addition 31stJan, 1 & 2nd Feb)

This operational plan aims to ensure the safe and successful deployment of police resources.

MISSION STATEMENT

The OPP will provide Public Order Support to the Parliamentary Protective Services (PPS) on the 29th and 30th of January 2022. It is the role of the OPP to keep the peace, enforce legislation while respecting Charter Rights to peaceful assembly and freedom of speech. Public safety is paramount.

Updated

The OPP will provide Public Order Support to the Ottawa Police Service on the 31st January and 1st of February 2022. It is the role of the OPP to keep the peace, enforce legislation while respecting Charter Rights to peaceful assembly and freedom of speech. Public safety is paramount.

EXECUTION- Concept of Operations

The OPP supports the inherent right of the citizens of Ontario to engage in lawful activity. The OPP recognizes and respects the freedom of assembly and speech guaranteed within the Charter of Rights and Freedoms. The OPP recognizes the interests of all involved parties. The OPP will engage pro-actively with policing partners, ministry stakeholders and all communities to ensure a safe and secure environment for all participants.

Public safety is the priority and we intend to ensure that this priority is served in the best way possible and will respond to any issues in an appropriate and professional manner. The OPP is responsible for maintaining public peace and public safety. We will act to preserve both.

Issues arising as a result of persons or groups exercising their democratic rights in a peaceful manner that does not pose significant hardships on others or a risk to public safety shall be addressed at the lowest competent level.

MAIN ACTION PLAN

OPP POU sections will be deployed to support PPS at the direction of the POU Commander in consultation with the Section Commander.

- Support PPS uniform members and their crowd management plan
- 31st Jan and 1st Feb 2022 OPP POU sections will be deployed to support OPS at the direction of the POU Commander in consultation with the Section Commander.
- Support OPS uniform members and their crowd management plan

IMMEDIATE ACTION PLAN

In the event of a request from PPS to support their inner perimeter, POU Sections will deploy (Hard or Soft Tac) as directed by the POU Commander.
LRAD usage will be at the direction of the POU Commander.

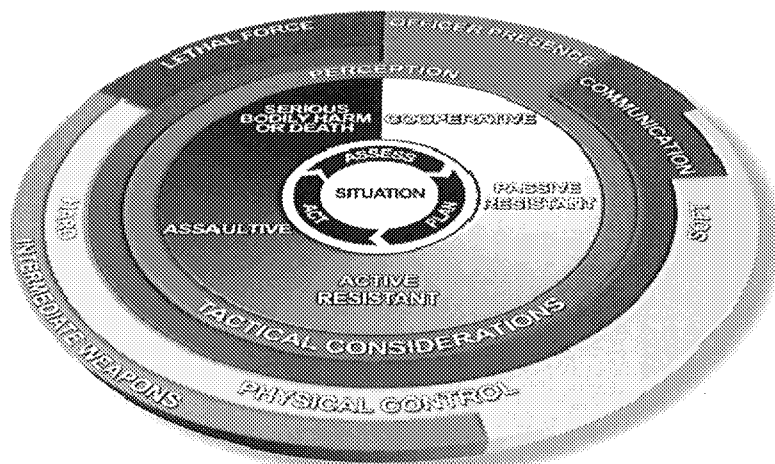

On the 31st Jan and 1st of February POU Sections will deploy (Hard or Soft Tac) as directed by the POU Commander.
LRAD usage will be at the direction of the POU Commander.

Administration

Use of Force Policy

POU members are in a supportive role to PPS operations under the OPP POU Section Commander. POU deployment strategy shall follow the gradual application of force policy in dealing with crowd related issues. The following directions are applicable within the guidelines of the Police Services Act and OPP policy.

- Members shall exercise personal control and not be drawn to personal confrontations.
- Use of personal issue OC, baton, Taser, and firearm are the responsibility of the member within policy and training guidelines.
- OC canisters other than personal issue shall only be utilized under the approval of the POU Commander except under exigent circumstances involving bodily harm or death.
- ARWEN will be utilized under the authorization of the POU Commander except under exigent circumstances involving bodily harm or death.
- CS gas will be utilized under the authorization of the Operational Commander under exigent circumstances involving serious bodily harm or death.
- CS blast dispersion may be authorized by the POU commander, with notice to the Operational Commander.
- The POU Section leader will submit team Use of Force reports daily where required.

The officer continuously assesses the situation and selects the most reasonable option relative to those circumstances as perceived at that point in time.

- Offenders may be arrested for any offences involving violence, damage to public/private property or other arrestable offences under the Criminal Code.
- Officers should use discretion on determining when to arrest violators, keeping in mind such variables as officer safety, safety of the public, potential for increased violence and seriousness of the offence.
- Mass arrests shall be conducted only with the approval of POU Commander.
- Officers should exercise personal restraint when dealing with persons to avoid escalating the level of force required.
- Officers should be aware that some persons might attempt to taunt and provoke the officer into a confrontation. Members are to be aware of this tactic and perform their duties in a professional manner at all times.
- All arrests conducted by OPP members shall be based in accordance with existing rules of evidence and legal requirements under the applicable Statute.

Arrest Procedures

In the event an arrest is made by a member of the OPP:

- The OPP member will give custody of the arrested person to a uniform PPS member while in the Parliament Precinct, outside of PPS grounds handoff to OPS member.
- The arresting officer will provide all grounds to the PPS or OPS member including:
 - i. Indication of the offence for which the person was arrested.
 - ii. Provide a brief synopsis of circumstances of the arrest and personal identification to the PPS or OPS member.
 - iii. The OPP member shall complete notes as soon as is practicable and prior to going off duty.
- The PPS member will then take custody of the arrested person and will follow the regular arrest procedure.

SIU

- Contact with SIU is the responsibility of the SIU liaison officer from the service of the subject officer.
- In the event that multiple services are involved all contact with the SIU will be thru the SIU liaison officer from the service of the subject officer(s)

Medical Treatment and Evacuation

- POU members shall carry the emergency medical information card in the left chest pocket of the POU uniform.
- TEM's in consultation with Ottawa EMS will provide medical support.
- Where an officer is injured while in a POU capacity and can be moved, they may be taken to a secure area and medical treatment shall be sought immediately from EMS Paramedics.
- Where a member is suspected of being contaminated by a noxious or hazardous substance, medical treatment shall be sought immediately from the EMS paramedics.
- Where an officer is injured and cannot be removed the POU Leader shall request the assistance of, paramedic support. The area shall be secured for the medical assistance being provided.
- Ottawa General and Ottawa Civic Hospital both designated as the police care facilities. Any injured member who is transported to hospital will be accompanied by a supporting POU uniform member

COVID-19 PREVENTION

- Officers must wear a medical grade mask when they are within 2 meters of another person who is not wearing a mask or face covering in a manner that covers that person's mouth, nose and chin during any period when that person is in an indoor area; and is not separated by Plexiglas or some other impermeable barrier from a person.
- It is crucial that appropriate PPE is worn by all officers. Appropriate PPE is to be worn including both eye protection and a medical grade masks, when interacting with all community members regardless of location (indoors and outdoors) that could be potentially unmasked. Please note that issued eye protection are safety glasses, and it does not include personal prescription eyeglasses alone.
- All staff/officers must wear a medical grade mask when riding in a vehicle with another individual/officer.
- At the commencement of each members tour of duty, the COVID-19 Symptom Screener and Guidance Chart shall be reviewed any "Yes" response to any of the questions, the member shall immediately advised there assigned team leader.

Staging

- Alpha– Section will remain staged for operations at the Brook Street Hotel At the direction of the Public Order Commander, Alpha will move to the forward staging location as needed. Parking will be provided for both sections.
- Members shall remain with their squads at all times.
- POU Leader shall ensure the operational readiness and response of their units.

Logistics

- Accommodations: Brook Street Hotel 525 Legget Dr Ottawa (Kanata)
- While forward staged- Meals will be provided on site and with OPS direction will be provided at the time based on deployed location.

POU Equipment

- POU members will be deployed in Soft Tac until advised by POU Section Commander. Medical grade masks, eyewear and high visibility vests mandatory.
- Members shall ensure their personal radio is re-charged at the conclusion of each operational period.
- All members will have their issue hard tac gear in their assigned vehicles.
- All CS gas shall be controlled by the Team Leader upon arrival for inventory.
 - CS Blast and triple charge gas grenades per Less Lethal squad
- ARWEN rounds will be inventoried by the Team Leader and signed out daily.

Transportation

- Transportation by Section will be by OPP vehicles, preferably quad cab pick-ups or vans.

RMS: RM22009444

DAR Registry: 22-59

- **Sec. 12:** Not to be subjected to any cruel & unusual treatment or punishment

PUBLIC ORDER SUMMARY OF CRIMINAL CODE OFFENCES

The following are summaries of applicable sections of the Criminal Code of Canada, in relation to a Public Order Unit incident. The Criminal Code should be referred to for the actual section.

The crowd/individuals must be advised that they cannot go beyond a certain point as identified by the officer and to do so, constitutes a criminal offence of Obstructing a Peace Officer and that they will be arrested. Once they make a physical attempt to breach or circumvent the line, the offence has been met and they can be processed accordingly.

In order to process in court however, ERT/Uniform members would be expected to provide the evidence of the caution prior to the offence and the evidence of the physical breach or attempt to breach the line.

Offences relating to Resisting or Obstructing Public or Peace Officer - Section 129:

Everyone who resists or willfully obstructs a public or peace officer engaged in the execution of his duty or anyone acting in their aid is guilty of a dual offence.

Protection of Persons Administering and Enforcing the Law - Section 25: Everyone required or authorized by law to do anything in the administration or enforcement of the law, is if he acts on reasonable grounds, justified in doing what he is required or authorized to do and in using as much force as is necessary for that purpose.

Excessive Force - Section 26: Everyone who is required by law to use force is criminally responsible for any excess.

Use of Force to Prevent Commission of Offence - Section 27: Everyone is justified in using as much force as is reasonably necessary to prevent the commission of an offence.

Arrest for Breach of the Peace - Section 31: Every Peace Officer who witnesses a breach of the peace is justified in arresting any person whom he finds committing the

breach or on reasonable grounds, he believes is about to join in or renew the breach of the peace.

Use of Force to Suppress Riot - Section 32: Every peace officer is justified in using or in ordering the use of, as much force as the peace officer believes, in good faith and on reasonable grounds, is necessary to suppress a riot.

Duty of Officers if Rioters do not disperse - Section 33: Where the proclamation referred to in section 67 has been read or an offence against paragraph 68 has been committed, it is the duty of a peace officer and of a person lawfully required to assist him, to disperse or to arrest persons who do not comply with the proclamation.

Unlawful Assembly - Section 63: An unlawful assembly consists of three or more persons who, with intent to carry out any common purpose, assemble as to cause persons in the area to fear on reasonable grounds that they will disturb or cause others to disturb the peace tumultuously.

Riot - Section 64: A riot is an unlawful assembly that has begun to disturb the peace tumultuously.

Punishment of Rioter - Section 65: Everyone who takes part in a riot is guilty of an indictable offence.

Punishment for Unlawful Assembly - Section 66: Everyone who is a member of an unlawful assembly is guilty of a summary offence.

Reading Proclamation - Section 67: A person who is a Justice, Mayor or Sheriff, or the lawful deputy of a Mayor or Sheriff receives notice within their jurisdiction that twelve or more persons are unlawfully and riotously assembled together shall go to that place and from a place of safety read the Proclamation in a loud voice.

Offences Related to Proclamation - Section 68: Everyone is guilty of an indictable offence and liable to imprisonment for life who: opposes, hinders, or assaults the person reading or is about to read the proclamation, or does not peaceably disperse and depart the area within 30 minutes after the proclamation is made.

Causing Disturbance - Section 175: Everyone who causes a disturbance in or near a public place by: fighting, screaming, shouting, swearing, singing or using insulting or obscene language, by being drunk or by impeding or molesting others persons is guilty of a summary conviction offence.

Assaulting a Peace Officer - Section 270: Everyone commits an offence who assaults a public or peace officer engaged in the lawful execution of his duty or a person acting in the aid of an officer. Or a person with intent to resist arrest or prevents the lawful arrest or detention of himself or another person.

Intimidation - Section 423(1)(g): Everyone commits intimidation where a person intending to compel someone to abstain from doing something he has a right to do; wrongfully and without authority uses violence or threats of violence; or blocks a highway

Mischief - Section 430: Everyone commits mischief, who willfully destroys or damages property; renders property dangerous or useless; obstructs interrupts or interferes with the lawful use and enjoyment of property.

Arson - Section 433: Every person who intentionally or recklessly causes damage by fire or explosion to property whether or not if he owns it or not is guilty of an indictable offence and liable to life imprisonment.

Disobeying Order of Court - Section: 127(1): Everyone who, without lawful excuse, disobeys a lawful order made by a court of justice or by a person or body of persons authorized by any Act to make or give the order, other than an order for the payment of money, is, unless a punishment or other mode of proceeding is expressly provided by law, guilty of:

- (a) an indictable offence and liable to imprisonment for a term not exceeding two years; or
- b) an offence punishable on summary conviction

Arrest Authorities

Section 495 of the Criminal Code of Canada:

Arrest without warrant by Peace officer

(1) A Peace officer may arrest without warrant

(a) a person who has committed an indictable offence or who, on reasonable grounds, he believes has committed or is about to commit an indictable offence;

(b) a person whom he finds committing a criminal offence; or

(c) a person in respect of whom he has reasonable grounds to believe that a warrant of arrest or committal, in any form set out in Part XXVIII in relation thereto, is in force within the territorial jurisdiction in which the person is found.

Provincial Laws

Direction of Traffic by Police Officer: S. 134(1) HTA Where a police officer considers it reasonably necessary, (a) to ensure orderly movement of traffic; (b) to prevent injury or damage to persons or property; or (c) to permit proper action in an emergency, he or she may direct traffic according to his or her discretion, despite the provisions of this Part, and every person shall obey his or her directions.

Blocking Intersection: S. 145 (1) HTA The council of a municipality may by by-law prohibit a driver or street car operator approaching, at an intersection, a traffic control signal showing a circular green or green arrow indication from entering the intersection

unless traffic in front of him or her is moving in a manner that would reasonably lead him or her to believe he or she can clear the intersection before the signal indication changes to a circular red indication.

Parking on Roadway: S. 170 (1) HTA No person shall park, stand or stop a vehicle on a roadway, (a) when it is practicable to park, stand or stop the vehicle off the roadway; or (b) when it is not practicable to park, stand or stop the vehicle off the roadway unless a clear view of the vehicle and of the roadway for at least 125 meters beyond the vehicle may be obtained from a distance of at least 125 meters from the vehicle in each direction upon the highway.

Regulating or Prohibiting Use of Highway by Pedestrians: S. 185 (1) HTA The Minister may make regulations prohibiting or regulating the use of any highway or part thereof by pedestrians or animals or any class or classes of vehicles. Removing pedestrians - (3) Where a pedestrian is on a highway in contravention of a regulation made or by-law passed under this section, a police officer may require the pedestrian to accompany him or her to the nearest intersecting highway on which pedestrians are not prohibited and the pedestrian shall comply with the request.

Use of Controlled-Access Highways by Pedestrians R.R.O. 1990, REGULATION 627
1. (1) Subject to subsection (2), pedestrians are prohibited from using those parts of the controlled-access highways described in Schedule 1. O. Reg. 255/04, s. 1 (1).
(2) Subsection (1) does not apply to pedestrians, (a) engaged in police, highway maintenance, highway construction or vehicle inspection duties; (b) within commuter parking lots established and maintained by the Ministry or proceeding directly between such lots and adjacent intersecting highways; (c) within truck inspection stations or pulp load check areas established and maintained by the Ministry; (d) making use of a controlled-access highway where the use is necessary because of an emergency; or (e) crossing at a traffic control signal or a crosswalk.
2. Where a highway is referred to in a schedule by a number or name, the reference is to that part of the King's Highway or to the private toll highway that is known thereby.

Helicopter preferred as we could use the opportunity to install an RCMP downlink for a few weeks in the event further Intel or Live SA required at some point.

Steve may have the contact to make that happen; if not, I will arrange on this end.

Subject: Aviation Request

Thanks Jason.

Is there a preference for the Cessna or Helicopter? We have pilots for the helicopter, but the Cessna may be an issue.

Gents,

Just an updated ROSTER 4 – 6 Feb. 2022 with updated Command Scribe and some updated cell phone contact #s. Other than that no change.

Anticipated less lethal squad member Ryan DONER now not available 6 Feb.

If he isn't being replaced from a member from a full squad please advise and I will look at obtaining a replacement from our non-deployed members.

Thanks,

Matt

Subject: Hearing Protection in Ottawa

Supt and Chief,

I want to bring to your attention the significant noise and potential hearing damage that our members can suffer from working around the constant air horn usage by the protestors in Ottawa.

I have been told that the sound is exceeding 110db.

My strong suggestion is that we emergently purchase noise protection headsets for the members on ground as soon as possible. The peltor headset that TRU and TEMS are issued cost approx \$100/set and allow ambient noise through a microphone but eliminate loud noises (such as gunfire).

Hamilton, Peel, and OPS POU's who are also on ground have emergently purchased headsets for their members due to the noise.

For your consideration,

Dr Andrew Reed
OPP Physician
Field Support Bureau
Ontario Provincial Police
Andy.reed@opp.ca
Cell: [REDACTED]

Anyone else supply these? Need to get steph dongelmans involved asap to get two other quotes. This is not an option...but can be done quickly with Stephanie. Then we can look to act.

Supt,

I advised Steph at 1403 hrs for a heads up on the ask – we are asking Peltor for 2 additional suppliers to get the 3 quotes and will advise on best of three to proceed with once known.

Subject: TRACKING OF INVOICES PAID BY DETACHMENT PCARDS FOR CONVOY
Importance: High
Categories: FSB CIC Scribe

Happy Thursday:

Cost centre 837316 has been set up to use for any expenses related to the Convoy. If your detachment has used a detachment credit card to pay for any Convoy expenses, please make a copy of the receipts, and send or scan the copy to me with the card holders name and detachment.

In order for me to journal back to the cost centre 837316, I will require a copy of the credit card receipt or invoice showing the amount, and the name on the credit card that was used. I will advise you when the journal has been processed.

If you have any questions, please don't hesitate to contact me.

Thanks as always

Debi ☺

No results as of yet for the downlink install. Technicians are working on it. The RCMP have a newer system, that may require an additional antenna installed on the OPP Helicopter. I will keep you all posted on developments.

If downlink is not available, does that change your request for the Helicopter this weekend?

Supt,

Anyone assigned to foot patrol/POU movements should be wearing the protection. (I.e. 85 today is a deployment of 55 POU and 30 Uniform)

Currently the Uniform deployment is at traffic points in cruisers away from the trucks, those members are not necessarily being exposed to the same +113 dB noise that those on foot experience.

The headsets will be sanitized between users as per Dr. Reed's guidance and I would recommend anyone assigned to working around the truck on foot be equipped.

Order for 100 sets with Millbrook for \$14,000 all in with delivery in Belleville tomorrow afternoon is a go.

Invoice being created for Steph and processing of same.

If we assess and more are required, we could order additional units with the approval .

I must commend the Doc for his assessment and recommendation, Randy for expediting this request and Steph making this happen for Command.

Simply outstanding.

Dave

Supt,

Anyone assigned to foot patrol/POU movements should be wearing the protection. (I.e. 85 today is a deployment of 55 POU and 30 Uniform)

Currently the Uniform deployment is at traffic points in cruisers away from the trucks, those members are not necessarily being exposed to the same +113 dB noise that those on foot experience.

The headsets will be sanitized between users as per Dr. Reed's guidance and I would recommend anyone assigned to working around the truck on foot be equipped.

Order for 100 sets with Millbrook for \$14,000 all in with delivery in Belleville tomorrow afternoon is a go.

Invoice being created for Steph and processing of same.

If we assess and more are required, we could order additional units with the approval .

I must commend the Doc for his assessment and recommendation, Randy for expediting this request and Steph making this happen for Command.

Simply outstanding.

Dave

Dan,
This should meet what's required, subject to your edits:

'Good day,
Your member(s) may have been deployed in the last 6 days to the Truck Protest in the City of Ottawa. Deployment of members near the protest vehicles began on Sunday 30Jan22.
As a result of their assigned duties they may have been exposed to prolonged and excessive noise over 110dB from truck horns.
As a proactive measure we suggest a WSIB Information Form be submitted on their behalf through your member's respective work location administrative process.
Regards,
.....'

Good job Dave in identifying thanks to you and Dr Reed.

Chief Patterson,

Some members returning from deployment have stated they still have ringing in their ears etc from the horns and associated noise at the event. Insp.Springer with Dr Reed have flagged this and we are wondering if a general email should be sent out regarding wsib submissions in an abundance of caution.

I will leave it to you and Chief Thomas to direct us in that regard. Dave has put together an example email below.

Respectfully

Dan
